Contents

No 1 March 1982

Optimising the age, number of tests, and test interval for cervical screening in Canada YU SHUN-ZHANG, A B MILLER, AND G J SHERMAN *page* 1

Area variations in infant mortality 1975-7 JONATHAN BRADSHAW, HUW EDWARDS, DOROTHY LAWTON, FRANCES STADEN, JANE WEALE, AND ANTHONY WEEKES *page* 11

The epidemiology of sudden infant death syndrome J F MURPHY, R G NEWCOMBE, AND J R SIBERT *page* 17

Ethnic differences in perinatal mortality—a challenge M J ROBINSON, S R PALMER, A AVERY, C E JAMES, J L BEYNON, AND R W TAYLOR *page* 22

Infant diarrhoea and subsequent mortality from heart disease and cancer CAROL BUCK AND HELEN SIMPSON *page* 27

Accidental poisoning in young children D S BASAVARAJ AND D P FORSTER *page* 31

The distribution and associations of blood pressure in an adolescent population TREVOR J ORCHARD, A J HEDLEY, AND J R A MITCHELL *page* 135

The accuracy of officially reported suicide statistics for purposes of epidemiological research PETER SAINSBURY AND J S JENKINS *page* 43

Dental caries and children's weights J MILLER, E VAUGHAN WILLIAMS, R FURLONG, AND L HARRISON *page* 49

Levels of dependency in local authority homes for the elderly T BOOTH, A BARRITT, S BERRY, D N MARTIN, C MELOTTE, AND S STONE *page* 53

Factors associated with urinary incontinence in women J W G YARNELL, G J VOYLE, P M SWEETNAM, JANET MILBANK, C J RICHARDS, AND T P STEPHENSON *page* 58

Statistical models relating peak expiratory flow rates to age, height, and weight in men and women C K GUPTA AND NEERAJ MATHUR *page* 64

No 2 June 1982

Selection and mortality differentials A J FOX, P O GOLDBLATT, AND A M ADELSTEIN *page* 69

Delayed effects of A-bomb radiation: a review of recent mortality rates and risk estimates for five-year survivors ALICE M STEWART *page* 80

Estimating an individual's risk of having a fetus with open spina bifida and the value of repeat alpha-fetoprotein testing FOURTH REPORT OF THE UK COLLABORATIVE STUDY ON ALPHA-FETOPROTEIN IN RELATION TO NEURAL TUBE DEFECTS *page* 87

Prenatal factors in the aetiology of testicular cancer: an epidemiological study of childhood testicular cancer deaths in Great Britain, 1953-73 A J SWERDLOW, C A STILLER, AND L M KINNIER WILSON *page* 96

A randomised controlled trial of anti-smoking advice: 10-year results GEOFFREY ROSE, P J S HAMILTON, L COLWELL, AND M J SHIPLEY *page* 102

Are smokers' self-reports of inhalation a useful measure of smoke exposure? R STEPNEY *page* 109

Corrections *page* 112

Cigarettes, lung cancer, and coronary heart disease: the effects of inhalation and tar yield TIM HIGENBOTTAM, MARTIN J SHIPLEY, AND GEOFFREY ROSE *page* 113

Risk factors in childhood eczema D M FERGUSSON, L J HORWOOD, AND F T SHANNON *page* 118

Aftermath of stroke: an epidemiological study in Melbourne, Australia DAVID CHRISTIE *page* 123

Mortality and cause of death in Down's syndrome R BALARAJAN, S P B DONNAN, AND A M ADELSTEIN *page* 127

Improving the identification rate of pulmonary tuberculosis among inmates of common lodging houses N J SHANKS AND K B CARROLL *page* 130

Relationship of sociodemographic factors to blood lead concentrations in New Haven children ALICE D STARK, RUTH FITCH QUAH, J WISTER MEIGS, AND EDWARD R DELOUISE *page* 133

Motor vehicle accidents (1973-6) cohort of Montreal drivers F D K LIDDELL *page* 140

Death certification by British doctors: a demographic analysis ANDREW K DIEHL AND DONALD W GAU *page* 146

Summary of papers presented at the meeting of the Society for Medicine in Middlesbrough, September 1981 S M MOSS *et al page* 150

Letter: Disease concordance and sex similarity in twins: application of a multifactorial model with latent structure T P HUTCHINSON *page* 155

No 3 September 1982

Bacteriological survey of tuberculous lymphadenitis in South-east England: 1973-80 JOHN GRANGE, CHRISTOPHER COLLINS, AND MALCOLM YATES *page* 157

Sudden infant death in Southampton and an evaluation of the Sheffield scoring system J D C HARRIS, M RADFORD, M WAILOO, R G CARPENTER, AND D MACHIN *page* 162

Determinants of high density lipoprotein and total cholesterol in women J W G YARNELL, JANET MILBANK, CAROLINE L WALKER, ANN M FEHILY, AND T M HAYES *page* 167

A randomised controlled trial of the effects of screening for ulcer-type dyspepsia C J BULPITT, R K ROWNTREE, AND A SEMMENCE *page* 172

Pre-exposure prophylaxis with immune serum globulin for prevention of viral hepatitis in army recruits JEREMY D KARK *page* 176

Impact of the French system of statutory visits on antenatal care B BLONDEL, M J SAUREL-CUBIZOLLES, AND M KAMINSKI *page* 183

Growth pattern of children in a Moslem semirural community near Jerusalem HAVA PALTI, BOSCO STROZZI, AND MALKA AVITZOUR *page* 187

Effect of urban versus rural residence and of maternal education on infant health in South Lebanon H ZURAYK, M TAWIL, AND E GANGAROSA *page* 192

Dietary sodium and arterial pressure: problems of studies within a single population GRAHAM C M WATT AND CHRISTOPHER J W FOY *page* 197

Prevalence of respiratory symptoms in Parisian teenagers according to smoking habits FRANCOISE NEUKIRCH, RENATA LIARD, JACQUELINE COOREMAN, AND SIMONE PERDRIZET *page* 202

Use of objective measurement in the validation of self reported smoking in children aged 10 and 11 years: saliva thiocyanate PAMELA A GILLIES, BRIAN WILCOX, CLAIRE COATES, FANNEY KRISTMUNDSDÓTTIR, AND DONALD J REID *page* 205

Mothers' concept of measles and attitudes towards the measles vaccine in Ile-Ife, Nigeria A I ODEBIYI AND S C EKONG *page* 209

Measuring the benefits of screening for open neural tube defects J B HENDERSON *page* 214

Mortality in relation to the functional capacities of people with disabilities living at home MICHAEL D WARREN AND ROSE KNIGHT *page* 220

Correction: Middlesbrough Meeting, September 1981 (June 1982, p 150-154) *page* 223

Monitoring adverse reactions to antibiotics in general practice CEDRIC R MARTYS *page* 224

Effect on doctors' work load of a campaign to encourage early reporting of breast symptoms SALLY NICHOLS AND W E WATERS *page* 228

Validation of the registered underlying causes of stillbirth I EDOUARD *page* 231

Multiple sclerosis: mortality in Scotland 1974-80 SIMON IVERSEN *page* 235

No 4 December 1982

Cancer mortality by site and fluoridation of water supplies CLARE CHILVERS *page* 237

Distribution of high-density lipoprotein cholesterol according to age, sex, and ethnic origin: cardiovascular disease study in Finnmark 1977 DAG S THELLE, OLAV H FØRD, AND EGIL ARNESEN *page* 243

Blood pressure distribution in responders and initial non-responders in a population screening study ALAN J SILMAN AND CELINA M LOCKE *page* 248

Blood pressure in a community at high altitude (3000m) at Pooh (North India) D J DASGUPTA, B S PRASHER, N K VAIDYA, S K AHLUWALIA, P D SHARMA, D S PURI, AND A N MEHROTRA *page* 251

Prevalence of hypertension in the urban and rural Zulu Y K SEEDAT, M A SEEDAT, AND D B T HACKLAND *page* 256

Ten-year mortality in a sample of an adult population in relation to air pollution MICHAŁ KRZYŻANOWSKI AND BOGDAN WOJTYNIAK *page* 262

Reliability of questionnaire information on cardiovascular disease and diabetes: cardiovascular disease study in Finnmark county STEINAR TRETLI, PER G LUND-LARSEN, AND OLAV PER FOSS *page* 269

Risk factors for gall-bladder disease: a cohort study of young women attending family planning clinics PETER M LAYDE, MARTIN P VESSEY, AND DAVID YEATES *page* 274

Prevalence of paralytic poliomyelitis in Pondicherry, South India S B ROTTI, S K SATPATHY, AND S P MEHTA *page* 279

Perinatal mortality in Scotland: 1970-9 JOHN F FORBES, F A BODDY, RUTH PICKERING, AND MARGARET M WYLLIE *page* 282

Gastroschisis and omphalocele in Finland in the 1970s: prevalence at birth and its correlates K HEMMINKI, I SALONIEMI, P KYYRÖNEN, AND M KEKOMÄKI *page* 289

Socioeconomic status and risk of cancer, cerebral stroke, and death due to coronary heart disease and any disease: a longitudinal study in eastern Finland JUKKA T SALONEN *page* 294

Birth order as a quantitative expression of date of birth C-G BERGLIN *page* 298

Criteria for assessing a client's fitness for admission to a welfare home: a practical proposition GORDON KEITH WILCOCK AND MARILYN WILTSHIRE *page* 303

Development of obesity in parous women R G NEWCOMBE *page* 306

Factors affecting the use of primary health care clinics for children F A AKESODE *page* 310

Letter: Weight of all births and infant mortality *page* 315

Letters: Epidemiology of sudden infant death syndrome JEAN GOLDING, AND J F MURPHY, R G NEWCOMBE, AND J R SIBERT *page* 315
